

h+h americas

Uniting the soft crafts
industries in North America

Need privacy?

We understand that not all business is conducted on the trade show floor and that private meeting rooms are essential for your meetings.

Limited availability, first come, first serve.

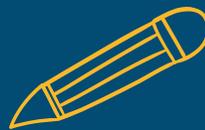

The **USA** is a well-known large market with a strong level of purchasing power. You are invited to meet with buyers and decision-makers directly at our new industry B2B fair h+h americas to tap into this potential, increase international business opportunities, grow your sales, profits and revenue.

Join us when we unite the entire soft crafts industry and bring supply and demand of the industry sectors together next June.
