h+h americas announces Health & Safety Regulations

- Dynamic event to expand industry outreach and connecting communities.
- First offspring of the world's leading trade fair "h+h cologne."
- Hosting various soft crafts industries under one roof.
- More than 100 exhibitors signed up.

Koelnmesse Inc., the organizer of h+h americas, today disclosed details regarding the health & safety regulations pertaining to their upcoming event which will take place from June 22-24, 2022, in Rosemont, Illinois.

All attendees, exhibitors and media representatives will be required to be fully vaccinated or show proof of recovery. Documentation can be uploaded at the time of registration in March 2022. Based on current state and federal requirements, the show will require mask wearing in all areas of the fairgrounds.

For additional safety the show will operate with 10 feet wide aisles, provide hand sanitation dispensers and encourage social distancing at the entrance points. The venue has also upgraded its ventilation system for increased air flow.

"We are well prepared for our event and are obviously tracking all emerging news around the pandemic which we expect will ease over the next months. We are confident that our show's health & safety guidelines will provide a stable and safe work environment for all attending exhibitors and attendees. With 6 months to go we are certainly feeling excitement and optimism building towards our event despite the current challenging times." says Mette Petersen, President and Managing Director of Chicago-based Koelnmesse Inc.

h+h americas, the sister event of its German namesake, is slated to become the leading U.S. industry event for buyers of home textiles, tapestry, sewing, knitting, crocheting, haberdashery, quilting, needlepoint, and business software and marketing solutions. It will be held in partnership with the Craft Industry Alliance, a membership organization that has served the craft professionals community since 2015.
